

## 4+1 Program Acknowledgement Checklist

Name: \_\_\_\_\_ Student ID: \_\_\_\_\_

Student Type: \_\_\_domestic \_\_\_international Current Campus: \_\_\_\_\_

Current catalog: \_\_\_day \_\_\_continuing education

Undergraduate Major/Program: \_\_\_\_\_

Graduate Major/Program: \_\_\_\_\_

- As a student in the 4+1 Program, I understand that I may enroll in one graduate course (4.50 credits) each term of my senior year and complete up to three graduate courses (with no additional charge) at Johnson & Wales while completing my bachelor's degree.
- The number of graduate-level courses I receive is dependent upon when I enter the program and my undergraduate graduation date. Depending on your graduate program and when I enter the program it may take me 12 – 18 months to complete my master's level program.
- I understand that I am able to register for up to 20.5 undergraduate credits and 4.5 graduate-level credits in a term.
- I understand that if I withdraw from a course or I opt not to take a graduate-level prior to the completion of my undergraduate degree program, when I retake or schedule that course as full-time graduate student I will be charged full cost of the course.
- I understand that if I enroll in less than 12 undergraduate credits and utilizing financial aid this will impact my financial aid award for this term.
- I understand that I may be eligible to enroll in a summer graduate-level course (4.5 credits), depending on course offerings and undergraduate degree completion term.
- I understand that I may not enroll in more than one graduate course (4.5 credits) per term.
- I understand that to be in good academic standing graduate students need a minimum GPA of 3.0 in graduate-level coursework. Failure to achieve / maintain a 3.00 graduate-level GPA will result in academic probation. Graduate program students are allowed two term only on probation.
- I understand that if my 4+1 program status changes at any time during my program, I must contact the Graduate Admissions Office.
- Upon completion of the 4+1 courses, I understand that in order to continue in the M.B.A./M.S. regular graduate program I must successfully complete all undergraduate graduation degree requirements.
